IX. Battery

Very Low Battery

Full Battery

Charging Battery

indicates that the battery is at full charge. When the battery level becomes too low, a prompt comes up to note you to charge your tablet.

While charging, you can check the charging status in the lock screen:

It takes around 5 hours to charge your tablet to full battery. Please use the 5V adapter included with your tablet for charging.

Troubleshooting

1. Can not turn on the tablet

Check the battery power level by turning on your tablet using the power adapter. If battery level is low, charge the battery. If the tablet will still not turn on with the adapter, it may require a reset (see pg.4).

2. No sound from earphone

Check to see if volume level has been set to '0'. Check to see if earphone is broken by trying a new earphone with the tablet.

3. Big noise

Check if there is dust in the earphone or speaker. Check if the file is broken.

4. Frozen to any operation

Please use a pin to reset and then restart your tablet.

5. Screen drift or unresponsive screen

To correct it, you may a) Go to Settings → Accessibility → Touch panel calibration to calibrate it; b) In case calibration cannot be carried out, you may press and hold the power button for about 15 seconds to force the tablet to shut down. Calibration will be automatically done after you start up your tablet. c) Use a USB mouse to carry out calibration operations on your tablet.

6. Application not working

Possible reasons may be that this app is not compatible with your OS or the downloaded .apk file is broken so you may need to download a full version.

8. How to delete a Google account?

If an account is added, the account is shown in the "Accounts & Sync" option within the "Settings" menu, where you may also add another account.

To delete an undesired account, go to "Settings" → "Privacy settings" → "Factory data reset". Your tablet's internal storage, downloaded apps, etc. will also be deleted, except the info in your removable memory card.

Make sure to remove any memory card before selecting the factory data reset. **BE CERTAIN YOU WANT TO RESET ALL DATA BEFORE PROCEEDING WITH THIS STEP!**
